

Recommendation for Ingrid Wawra

Ingrid Wawra has conducted supervision for **MARKMAN** "C Recruitment and Placement Agency.

Our consultants have expressed great satisfaction with Ingrid's supervision. They describe her as an effective and relaxed supervisor, with a constructive attitude to the problems under discussion.

Our consultants have been given support in the resolution of concrete problems, and insights into alternate problem-solving strategies. They feel that they are better equipped to accomplish their work goals.

Further, our employees have learned how to implement new methods for optimizing cooperation and effectiveness on a daily basis.

We see Ingrid as a supervisor of broad experience, who is easy to work with.

In addition to personnel supervision, Ingrid Wawra has also conducted supervision at leadership levels.

In this, she has been a good sparring partner, able to clarify priorities and plan communication strategies in these challenging times.

Best wishes
